

We're here for the moment makers, the entertainers, the ones who bring people together. To fuel your passion, innovate and push the boundaries. To help you bring your vision to life.

ABOUT QUICKET

Quicket is a versatile platform that facilitates transactions between organisers and ticket buyers seamlessly.

As a Pan-African ticketing platform, it supports multiple African currencies through a broad range of local payment methods.

A scalable, self-managed and fully automated solution offering complete control and peace of mind.

4.5m

tickets issued to date

40,000

events run globally to date.

2,000

active events per month, more than any ticketer in Africa

500

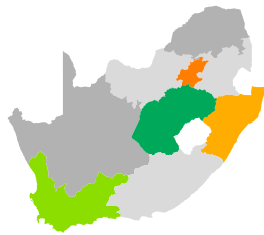

field staff worldwide.

34

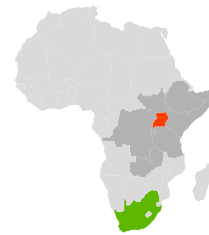

countries ticketed in 5 continents and 18 currencies.

7

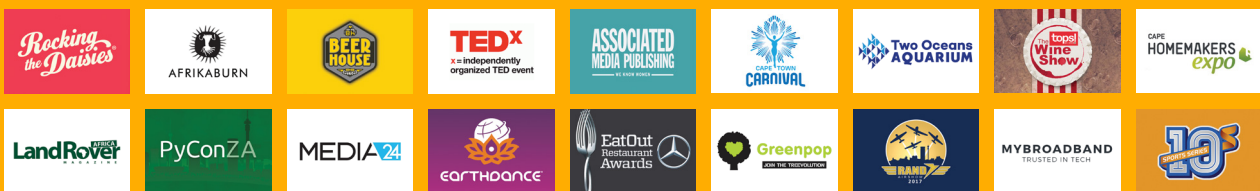

years of consecutive exponential growth.

HQ IN CPT. TEAMS ON THE GROUND IN EVERY MAJOR CITY IN SA
(CPT, JHB, DBN, BLOEM) AND KAMPALA

BRANDS THAT USE US

Tammy Frayne - Afrika Bike Week / Harley Davidson

"I liked that I could setup and control my own system with Quicket. I had access to change things as and when I needed to. Zero cost for complimentary tickets and incredible support from the Quicket team, I feel like they are my friends now. System was effective, efficient and easy to use. We did not have a single error while using the system."

David Belliaris - Cape Town Argus

"I am involved in the events industry and we have our own platform, however the simple and effective ease of use provided by Quicket makes it ideal for anyone to access and use. I simply cannot state sufficiently how impressed I am with the entire process and the effectiveness of the system."

Whether you're organising a great event, or booking a ticket to one, we'll help you Experience Awesome.

No hassles. No holdups. Only the joy of making great events happen.
